Table Data:

Company Name	Sector	Energy (kgCO <sub>2</sub> )	Waste (kgCO <sub>2</sub> )	Business Travel (kgCO <sub>2</sub> )	Month	Year
DHL Group	Other	6035.90	70.00	2887.50	Nov	2024
DHL Group	Other	7545.74	255.00	3465.00	Oct	2024
DHL Group	Other	2324.46	126.10	4312.00	Sep	2024

**Energy-efficient Equipment:** Upgrading lighting systems to LEDs, improving insulation, and using energy-efficient appliances help minimize electricity consumption, reducing emissions by monthly.

**Recycled Materials in Production:** Using more recycled materials instead of virgin resources reduces the need for extraction, transportation, and processing, which all contribute to emissions.

**Electrifying Fleet:** Using more recycled materials instead of virgin resources reduces the need for extraction, transportation, and processing, which all contribute to emissions.
